**Leeds Castle** is situated in Kent, and often called the loveliest castle in the world. Visit and you can find out for yourself.

From 857 the site was owned by a Saxon chief called Led or Leed who built a wooden structure on two islands in the middle of the River Len. Over the centuries it changed ownership, was rebuilt and transformed.

Starting of as a Norman stronghold it was then the private property of six of England's medieval queens; a palace used by Henry VIII and his first wife Catherine of Aragon; a Jacobean country house; a Georgian mansion and an elegant early 20th century retreat for the influential and famous.

**The Field of Cloth of Gold'**

A series of displays inside the Castle tell the story of the great events that took place in 1520. Find out what role Leeds Castle played.

Risk the **Maze** with its intricate pattern, dead ends and exit through the grotto.

Play **Adventure golf (£2)** or visit the **Falconry** behind the Maze. **The Castle train** will be running again from June.

And, of course, the **gardens** and **house** are a 'must'.

Audio tours are at the moment not available but all could change before September. We are therefore not including these in the price of the ticket.

Although the Gatehouse Exhibition is currently closed, we hope it will be open again in September.

However, the Restaurant and Cafes are open, unless you prefer a picnic.

**Please note:** Most areas are available for those with limited mobility. The upstairs rooms are not accessible for wheelchair users.

Our Group tickets are heavily discounted and are therefore only valid on the day.
